## Liebe Patientin,
## lieber Patient,

eine individuell auf Sie abgestimmte Schmerztherapie bildet die Grundlage, um den bestmöglichen Behandlungserfolg realisieren zu können. Dabei ist der behandelnde Arzt auf Ihr Wissen und Ihre Unterstützung angewiesen. In enger Zusammenarbeit mit dem Arzt kann das für Sie ideale Therapiekonzept ausgearbeitet werden.

Dieses Schmerztagebuch soll Sie dabei täglich begleiten. Ihr Arzt kann so detaillierte Informationen über die Stärke und den Zeitpunkt Ihrer Schmerzen erhalten und demnach die Medikation perfekt auf Sie abstimmen. Je präziser das Tagebuch ausgefüllt wird, umso bessere Ergebnisse können erzielt werden. Wie Sie das Schmerztagebuch richtig ausfüllen, wird anhand des folgenden Beispiels dargestellt.
